

Easter 2017 Edition

Hello from the Headteacher

As predicted, it's been a busy and exciting second half to the term and now it really feels as though spring has arrived.

Our brilliant students have been showcasing their talents again recently and I spent a delightful evening at Brighton Dome when our 'Inspire' dancers performed at the annual 'Let's Dance' event there. The hard work and dedication of all the students and staff involved was evident for all to see and made me extremely proud.

Across the city, at the Old Market in Hove, a group of our musicians were taking part in the 'Sounds of the City' event, showcasing talented local bands. There's more happening on the music front too, with a singing event coming up, involving a collaboration with Glyndebourne. I've heard them practising and it all sounds very promising!

On a different note, Longhill's pioneering work in the field of Restorative Justice has been recognised once again; we are delighted to be at the forefront of the initiatives in restorative practices taking place across the City; we are also proud to be invited to share our experiences as examples of good practice to a nationwide audience. A case-study example of how RJ works can be viewed on the Longhill YouTube channel here: [RJ at Longhill](#)

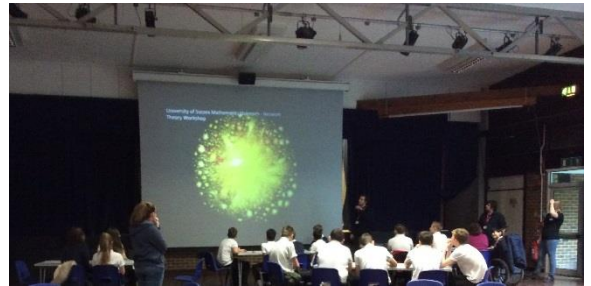

The talent, dedication and passion of students and staff alike make Longhill the special place that it is and I look forward to a wonderful summer term coming up!

Kate Williams
Headteacher

Maths Department News

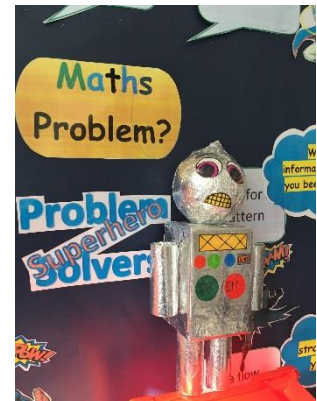

A group of University Scientists and Mathematicians came in to run a 2 hour enrichment session for two Year 9 Mathematics classes. Students looked at a visual representation of the internet, the start of graph theory and modelled a virus outbreak across the country.

A team from Legal and General came in to run a morning workshop on Financial Literacy for 90 Year 10 students. The session included looking at tax paid on different jobs, budgeting and how loans work. The team commented on how confident our students were with maths.

One year 8 Maths class have been putting their skills into practice over the past couple of weeks. 8AM, using their knowledge of surface area and volume, created a collection of cardboard tin men and successfully estimated the amount of tinfoil used in covering them.

So, in search of a heart or not, Longhill's maths classrooms now have an impressive collection of various robots and tin men. Special mention goes to Tegan Paine's creation, pictured here, which could have stepped out of Hitchhiker's Guide to the Galaxy!"

And to finish off.....a selection of conversation starters to try with your children, suggested in a blog post by Leslie Means:

1. What made you smile today?
2. Can you give me an example of kindness you saw or showed?
3. Was there an example of unkindness? How did you respond?
4. What's the word of the week?
5. Who inspired you today?
6. Tell me something you know today that you didn't know yesterday
7. What is something that challenged you?
8. What was the hardest rule to follow today?
9. Teach me something I don't know
10. If you could change one thing about your day, what would it be?
11. What do you hope to do before school is finished for the year?
12. If you switched places with your teacher tomorrow, what would you teach the class?

House News

Junior Leadership Team

With the House days now finished, the team are working together to raise funds for our global project – Education in Ecuador. As a school Longhill supports local and a global cause as part of the WE schools project. Our aim is to raise £640 which will provide education for a class of primary children for a year. In Ecuador school starts at 7.15am but finishes at 1pm as there are no facilities to provide lunch. Summer holidays don't really exist and sometimes students need to make up days, so attend school on Saturday. Parents are often asked to help with maintenance as the schools have very limited funds.

Currently we have £500 as each house has donated £100 from their House day. To raise the last portion of money the JLT will be selling House pens, Rafiki bracelets and holding a raffle. If anybody has any prizes they would like to donate please contact lbuxton@longhill.org.uk

Easter Egg Collection

Last year Longhill School donated 175 Easter eggs to The Rockinghorse Appeal, for patients and their siblings who spend the Easter weekend in hospital. We are hoping to match or better the donation this year. We are collecting eggs from Monday 27th March until Friday 7th April; when the eggs will be taken to the hospital.

NIGHTINGALE – LIGHT THE WAY

Thank you for all the support from students, staff and parents/carers this term. The highlight of this was our non-uniform charity day, where the whole House raised over £300 for the Royal Sussex County Hospital Heart/Kidney departments and the Wooden Spoon Rugby Charity which supports projects in the community for children. All mentor groups demonstrated great leadership skills in organising cake sales, a raffle and a coin collection.

As a House, our next challenge is to help organise the Year 7 Fun Run which is in its fourth year. This year we will looking to our local businesses to support the event and to raise a good sum of money.

Sports Leaders from all the Houses have done a great job teaching in our local primary schools on a Friday; we look forward to the Rotary Leadership awards in June, which culminate in a really enjoyable evening, celebrating the hours of dedication and service that the Sports Leaders have provided to support sport in the community.

Mr N J Rolf
House Co-ordinator

I would like to start off with a 'thank you' to everyone for such a fantastic welcome to Pankhurst.

It has been great to meet the JLT team and work together, planning how we can raise money over the coming months.

We had a busy start, planning Pankhurst day and wow, what a day! We had dancing, live music, teachers versus students in *Pie Face* plus so much more. It was great to see so many teachers and students take part in the *Pie Face* challenge. *Love Music* and *Inspire* helped draw in the crowds.

Coming up, we have inter- house basketball. All I can say is, "Come on Pankhurst!" I cannot wait to see students and teachers there.

Ms Essex
Pankhurst House Co-ordinator

Let's Cook Local

Mr Norris is pleased to announce that Millie Nunn and Liam Doyle have been chosen to represent Longhill in the Brighton heat of the *Create and Cook* competition.

Having been asked to come up with a seasonal and local menu, the year nine Food Preparation & Nutrition GCSE students came up with a range of fantastic menus; Millie and Liam's menu, however, ticked all the right boxes, featuring "*Line caught tea smoked mackerel from the local fish of Newhaven with wild garlic*" and "*A trio of strawberry heaven*".

We are looking forward the inter school competition in May.

The Learning Resource Centre AKA—The Library

Borrow Books * Use the computers * Print Homework * Collect Rewards *

Thursday 2nd March we celebrated
WORLD BOOK DAY in the Library

We had a wonderful display created by one of our year 8 classes and Mr Bliss.

The students used local geographical factors for inspiration behind their display, such as the English Channel and the South Downs. These were featured through the hill, tree and water. The class got into small groups and talked about their favourite stories and characters and added these to the display.

Giant Book Sale We kick started World Book Day with our annual book sale. This continued until the last day of term with every book giving a free ticket into our Chocolate Tower Prizes. All books were only 20p.

With 1st, 2nd and 3rd prizes up for grabs we sold a number of books to help raise money for your school Library.

World Book Day Competition Winners

On WBD we ran two competitions in the Library. A member of staff won one of these and kindly donated his prize to a student who enjoys reading regularly in the Library. Our Competition winners were:

Sandra Rodriguez (Year 7)
Libby Cox (Year 10)

I am very proud to announce the introduction of Library Prefects. We currently have 17 amazing students that give up two of their breaks and/or lunches to come and help look after the Library and deal with daily tasks. Mrs Denyer and Mrs Keeley really appreciate the helpfulness of these students.

Rofyda Bamuzahim	Leah Barry	Kodie Brown	Kathryn Carr
Amy Davey	Reece Dempsey	Tabitha Emmott	Dorina Joni
Emily Latham	Roberta Maneu	Shannon McCann	Archie Poulter
Sky Rose-Pettit	Cameron Stratton	Amber-Lili Sullivan	Sam Trappitt
Madison Wright			

Finally – Thank you for all the incredible book donations we have received during Parents Evenings, we have been able to offer even more popular books to our students to read and enjoy as a result.

Year 7 News

We have now spent 7 months together and we have lots happening in Year 7.

PE are working hard with Year 7 and the students are performing well in school teams and at various different sports clubs. There is a sports club nearly every lunchtime and after school, as well as lots of other interesting clubs; it is fantastic to see so many of our Year 7 students engaging with these and really getting involved in the full life of the school. If your child hasn't tried a club yet, please encourage them to give it a go!

We are now looking towards the next academic year and are planning the transition of our Year 7 students into Year 8. I and the Year 7 team will remain in Year 7, so your children will have a new Head of Year when they move into Year 8. A gradual move into their new mentor groups will begin once our Year 11 students have completed their exams. This will allow me and the Year 7 team to get out into our feeder primary schools to start the whole process again. I will write to you when this is happening, with more details of the new mentors and the Head of Year.

I will be sending a link in the coming weeks to a survey to get feedback on how you have found the transition year and to get ideas on how we can improve what we are doing. Please complete this when the link is sent.

A date for your diary - Thursday 15th June – Year 7 Parents Evening. Details will be sent nearer the time on how to book appointments.

Mr Stokes
Head of Year 7

Year 10 News

As we rapidly head towards the end of the year, and our last term of being Year 10, students should be ensuring that they have a solid foundation in each of their subjects to prepare them for Year 11.

This term has seen Year 10 students attend the Globe to experience the atmosphere of Shakespeare's famous theatre and Wakehurst Place to learn cutting and cloning techniques in horticulture.

Students learning to clone cauliflowers at Wakehurst Place

Over the Easter break some year 10 students will be visiting Andorra for the biennial ski-trip, as well as some students going to Barcelona to practice their language skills in a realistic setting.

Much deliberation has gone into the choosing of work experience placements next term. Students will find out after Easter if they have been successful in securing their preferred placement. This will be a fantastic opportunity for them to experience a working environment and will develop them emotionally and socially. I am very much looking forward to visiting them during this week and to them representing Longhill and making us proud.

Attendance for Year 10 is still fantastic, currently standing at 94.5%. Special congratulations go to all students still maintaining 100% attendance:-

Jack Barnes, Archie Boxall, Bethany Corlett, Ben Davey, Natasha Gardner, Skye Knights, Jessy-Franck N'Sukama, Justin Nye, Gus Ous, Bruno Pereira & Alex Ridley

Finally, I would just like encourage Year 10 students to attend booster sessions which are organised after school to help support students achieve what they are capable of. These sessions are incredibly valuable, especially for students who may be struggling with an element of their course, or those who wish to improve their current working grades.

I wish you all a well-deserved break and look forward to celebrating more success and achievement next term.

Ms Winfield
Head of Year 10

Shakespeare's Globe Impresses English Students

A group of Year 10 English students braved the chilly spring winds on a day trip to London recently. The students, who are currently studying Macbeth, ventured along the South Bank to visit Shakespeare's Globe Theatre and managed a side-trip to the Tate Modern on the way.

Student Libby Day told us, "Miss Hennig, Miss Williams and Mr Preston took us to the Globe Theatre in London. We caught the train from Brighton Station to Blackfriars on the South Bank, which took about an hour. We walked along by the river from Blackfriars, stopping off at the Tate Modern Art Museum, where we had a look at some of the artworks."

"A guide showed us around the Globe and pointed out several interesting things about the theatre. The original building was destroyed by fire and the new replica building has been built in the traditional way, but with some modern additions. They got special permission to have a thatched roof, but they have to have lots of fire exits and sprinklers, which the old Globe didn't have."

"We saw the trap door in the stage which leads to 'hell' and one in the roof which leads to 'heaven'. People used to pay 2d to sit on a bench, or 6d to have a box, which gave a better view of the stage. The poorest people stood up and only had to pay 1d. They didn't have toilets in the old Globe, but they do have them now!"

"The roof is open to the sky and the stage was made to look like a wedding cake, which was for the play we saw being rehearsed while we were there. It was really interesting and I think it helped us to understand a lot more about Shakespeare and what it was like when he was writing his plays."

After another walk and a well-earned rest at Costa, the students returned to Blackfriars for the journey home to Brighton. Everyone enjoyed the day and wanted to thank Miss Hennig and her team for making it possible.

Thanks to Libby Day for her words and pictures.

Belgian Battlefields – Ypres Visit

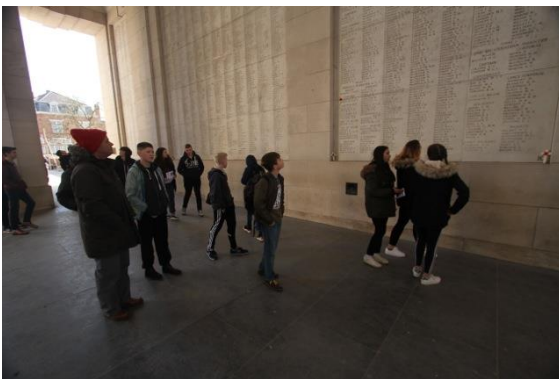

Some of our Year 9 and Year 10 history students when on a historic trip to the Battlefields of Belgium last month. Here is an account of the trip, written by history teacher Ms Kenward.

"On Friday 10th March, on a *very* early and dark morning, myself, Mr Humphries, Mr Farquar and Mr Wilson set out with twenty Year 9 and twenty Year 10 History GCSE students to Belgium to visit the World War One Battlefield sites of Ypres. We left Longhill by coach and continued on to the Eurotunnel, where many students got very excited at the prospect of eating Haribo at 7am! We then travelled by coach through Calais and on to Ypres (also known as Leper) in Belgium.

Students were given time to walk around the highly impressive Menin Gate, which contains the names of 54,389 soldiers from World War One who have no known grave. We then went to visit the highly interactive and unusual Flanders Field Museum; here students were each given a character whose story they followed through the war, which showed the range of war experiences many soldiers faced. This was followed by a visit to a very traditional (and obligatory) Belgian Waffle House and then a traditional Belgian chocolate shop, which dazzled many of our students!

We carried on to the Essex Farm Cemetery, where students were given the opportunity to wander amongst the graves of British soldiers who died in the Ypres area and see the true scale of war and its impact. Some Year 10 students found the names of some Sussex Regiment soldiers which for many really brought home what they were seeing, especially as some of the soldiers were only 18 years old.

We got back on the coach for the next stop, Langemarck, which is a German Cemetery that has over 44,061 graves. Many students found this hugely contrasting and upsetting compared with the other grave sites we had visited. We continued on to Tyne Cot, which is the largest of the British cemeteries, having 11,953 graves in it with over 70% of graves being for soldiers who have no known resting place. After this we drove to Hill 62, which is also known as Sanctuary Wood; here students got the chance

to walk through a real trench, explore the tunnels and see for themselves what war conditions were like. After that we hopped back on the coach for the very long drive back to Brighton (whilst desperately trying to avoid the Albion match that was finishing!)

Thank you to all our lovely students who came on the trip; they were absolutely wonderful and impressed many members of the public who we encountered. Thank you also to all the parents and carers who braved getting up so early and returned again so late to allow us a very successful trip."

Longhill Rugby Shirt in Debut at Twickenham

Back in the autumn term, four Longhill students, Lois Martin and Daisy Lawlor from year 7, Gene Ronaldson and Oscar Lake-Gouhari from year 8, were chosen to design a bespoke rugby shirt for the Longhill team.

Last month saw the culmination of the design team's hard work, with the unveiling of their shirt at the England vs Italy match, which took place at Twickenham as part of the Six Nations Rugby Tournament. For one lucky member of the team, Year 7 student Lois Martin, it was a day out that she will treasure for ever.

When we asked Lois about the design of the rugby shirt, she told us that it was a group effort, but that she had made suggestions for the sleeves and for incorporating the fish into the design. We asked her what the day out at Twickenham was like. "It was fantastic." She told us. "There were around 82,000 people there and I got to sing the national anthem with a classical singer called Laura Wright. That was just amazing! I also got to meet Billy Vunipola, who is an England international player. It's a day I will never forget."

Weird Science!

The science department took part in the annual "Dress as a Scientist" day recently and used their costumes as an opportunity to talk about the scientists who had inspired them.

Science staff stayed in character throughout the day; it's not often you get the chance to chat to Einstein over lunch!

From left to right:

Nikoli Tesla, Charles Darwin, Young Isaac Newton, Jane Goodall, Ernest Rutherford, Albert Einstein, Boris Baranov, Marie Curie, Noam Chomsky, Old Isaac Newton, Jabir Ibn Hayyan

LONGHILL EXTRA-CURRICULAR SPORTS NEWS

Welcome Back

It's been another fantastic half term full of highlights and success stories. We've been incredibly busy as a department and I'm delighted to share some of the stories with you. Please see our twitter page for all of our up to date news and information. As we approach the summer term I am pleased to announce that inter house sports will continue and we will be having our first full sports day in the summer term. Finally I strongly recommend students bring in a suitable bottle filled with water to avoid dehydration and discomfort when summer finally hits!

Mr Fallick

Wheelchair Basketball

Longhill were the only Sussex school to take part in the South East Regional Inclusive Zone Basketball tournament, held at Brighton University.

Eight Longhill students took part in the event; Bradley Hagland, Nick Boyland, Spike Conn, Tyler Thorn, Callie Mantell, Sophie Mantell, Nicole Agaid and Callum Butterworth.

Students had a go in the sports chairs which were great fun, although not always under full control! Nick and Tyler soon got the hang of defending against the other chairs; at times, I wasn't sure if we were playing wheelchair basketball or wheelchair rugby!

Longhill were by far the youngest team and worked tirelessly throughout their matches. It was a great experience and I'm proud of how our students represented the school throughout the day.

Miss Buxton

Glam Squad Update

GLAM'S are a great addition to our sporting ethos at school. They've helped me to create an amazing display board outside the girls changing rooms, exhibiting some of the vast range of female athletes we have here at Longhill, both staff and pupils. The girls have started their own fitness club on Friday lunchtimes and are working collaboratively with Miss Keating and I to increase girls' participation in sport, both inside and outside school. We have big aspirations and great ideas that we intend to implement within the next couple of months.

Boys Basketball

It has been a busy half term for basketball with teams entered for all year groups. We've had mixed success in results, but have seen great improvements in our performances during training. Well done! To support our quest for success we have created a fantastic partnership with South Coast Elite Basketball who lead coaching sessions during Friday lunchtime. This coaching is inspiring, exciting and beneficial to all players. We would love to see more boys and girls attending basketball club, so if interested please speak to the PE Team for more information.

Mr Fallick

Rugby Update

A big thank you to the year 7 and 8 students who have been training regularly on a Wednesday and Friday after school. All squads are improving their skills, knowledge and understanding of the game, enabling them to improve as individual and team players. Our ability to compete against other schools is improving and has been as a result of the support from the Rugby Football Union who have been coaching in our PE lessons and supporting after school clubs.

Thank you to Mr Nobbs and his coaches whose team from the RFU have had a massive impact on player development at Longhill. A big thanks also to Mr Valentine from Hurstpierpoint College who has been brilliant coaching our year 7 students on a Friday for the last two terms.

All rugby players at Longhill take a keen interest in supporting local charities and we will be supporting our year 7 Fun Run in June which raised over £2,500 last year. Well done!

Mr Rolf

Sports Leaders 2017

Congratulations to all our Sports Leaders who have been teaching in our primary schools; they have been first rate. They have demonstrated great leadership and communication skills as they have promoted sport. They have shown great skill in planning and delivering quality lessons which have been enjoyable, active and purposeful. They have supported all primary sporting competitions at Longhill organised by Mr Hambrook.

We all look forward to our end of year meal in April and Rotary Awards in June. As a team, we wish our leaders every success in the future as they coach and promote sport.

They have all been a performed brilliantly, showing great loyalty and service whilst at the same time developing the tradition of Sports Leadership at Longhill.

Mr Rolf

Year 8 Boys Football

The year 8s have had some mixed fortunes this term; losing out to Cardinal Newman on penalties, but winning crucial league games against Blatchington Mill, Peachaven and BACA. Although missing out on the cup final was disappointing, it's nice to see the boys bounce back strongly and put in some great performances; hopefully we can continue this into our final match of the season when we go looking for revenge away at Cardinal Newman in the league. It's been a great year and one that we've all enjoyed and it's given us plenty to build on for future years

Mr Harris & Mr Wilson

Girls Rugby

On Wednesday 22nd March eight girls went to Hove Rugby Club for the last girls Rugby festival of this term. There were many Schools there, which included BACA, PACA, Varndean, Kings, Brighton and Hove High School and Dorothy Stringer. Our school was mixed with Stringer and PACA because their teams were too small. We all got along really well and we made loads of new friends. Although our teams were split according to year group, we got to experience playing against a variety of people and some of us got to go against our team....which was quite fun! All the girls afterwards said they really enjoyed it and that they would do it again. All the coaches were calling our team the Barbarians because there were three schools mixed together. Thank you to Hove Rugby Club and the coaches from all the other schools for making this experience happen. We are really looking forward to the 7s rugby in the summer. Thank you to the teachers for coming with us and for Ms Winfield for driving us there! Also, a big thanks for the crème eggs and wristbands at the end. Thanks to all the girls who came- Lois Martin, Daisy Lawlor, Olivia Hardwick, Rue Winfield, Mackenzie Stringer, Sophie Lind, Eve Campbell and Emily Brown.

Written by Daisy Lawlor 7NKW

LONGHILL EXTRA-CURRICULAR DANCE NEWS

Inspire Dance Company Easter Newsletter

On Monday 20th March, 35 dancers across all 5 year groups took to the stage at the Dome Theatre to perform in the largest school dance event in the UK, Let's Dance 2017. This fantastic event, organised by Dorothy Stringer, spans 4 days at the Dome and over 2,000 young dancers take part every year. Our routine this year was called 'Shake That' and encompassed Street, Modern and Jazz dance styles and was commented on by other local schools as their favourite routine of the night! The students were outstanding ambassadors for the school, their dedication over the last 9 months of rehearsals and their fantastic support for each other and the other schools was commented on by many of the adults in the theatre. I couldn't have been more proud and what a fantastic showpiece to end my time here as a teacher of GCSE Dance.

The Inspire Dance Company was started back in 2015, as I wanted to give students at Longhill the opportunity to train and perform together as a dance company. The group has almost tripled in size since we launched and gives students from all year groups and abilities the opportunity to take part in dance events in Brighton and the surrounding area. Open to all, Inspire gives our young people the chance to take part in fantastic events whilst making new friends and learning new skills. I am delighted to be able to keep this fantastic dance company going after I leave Longhill and to be able to continue offering the same amazing opportunities to our young people.

If you are interested in joining Inspire please see Mrs Jones in the PE Office.

GCSE Dance Newsletter

A warm welcome to my final GCSE Dance update! It has been an incredibly busy term for our GCSE Dancers and for our year 11s this is just the beginning!

With the final GCSE practical exam fast approaching, our year 11 senior dancers have been busy choreographing and rehearsing 3 different pieces of dance that will be examined in May, and is the culmination of all of their learning and efforts over the last 2 years. They have created some incredible work based on a wide range of stimuli and I am very much looking forward to watching and marking these hardworking young people in their final exam. As my first GCSE class, these wonderful dancers have given me so many fantastic memories to take away and I am so proud to have been their teacher and go on this journey with them.

Our talented year 10s have been learning 2 different set solo dances that will form part of their final exam, alongside studying a beautiful piece of dance called Shadows by Christopher Bruce. This class have astounded me term after term with their skills, dedication and passion for dance and I feel so proud of what they have achieved in such a short time on the GCSE course and I will miss teaching them very much!

Our enthusiastic year 9s have been studying a set GCSE solo that they will be performing for their upcoming assessment. This solo is a piece that the current year 11s have performed and so is of final year GCSE standard and I have been thoroughly impressed with their work so far. Alongside this we have been studying a dance piece called Still Life at the Penguin Cafe and learning about how a production comes together with costume, lighting and scenery. The students have worked very hard this half term, building their dance and theory skills and achieving some excellent grades in their assessments.

I have loved my time here as GCSE Dance teacher and take with me so many memories that I will look back fondly on. I have absolute faith in the incredible PE department to carry on the amazing work done in Dance and I wish all of the fantastic dancers here, and in the future, every success.

Mrs Jones

Sainsbury's Active Kids

We are collecting Sainsbury's Active Kids vouchers again this year. If you shop at Sainsbury's yourself, or know people that do, please collect the vouchers and post them into the box in the main reception by Friday 30 June 2017.

All the kit we are able to get through this scheme will be used in lessons. So the more vouchers students collect the more equipment they will be able to enjoy. Every voucher does genuinely help, so any you contribute will be gratefully received.

Mr Fallick

"Let's get collecting."
