Dear Parent/carer

RE: Return to School September 2021 – Mass Testing 3rd & 8th September 2021

I hope that you are all staying safe and are well. I write to inform you that Longhill High School has been asked to carry out Mass Testing for students as they start school in September 2021.

Parents/carers of year 7 students need to give us permission to carry out the test. You can do this via the following link:

https://docs.google.com/forms/d/e/1FAIpQLSf_IXRqR5yyXN5IY40R0mpRg8U0heQYKdObLXoDhG0faLNMGA/viewform?usp=sf_link

Students will test themselves using Lateral Flow Tests, supervised by school staff. They will take one test on 3rd September and a second test on 8th September.

Symptoms and self-isolation

As always, following NHS and government guidance, any student that experiences symptoms of coronavirus please do not attend school, self-isolate and get tested.

We are very much looking forward to welcoming our students/ your children into Longhill High School.

Take care

Kate Williams

Headteacher
